

Construction Supervisor - Construction Specialist III (General/Other)

[Apply Now](#)

Company: Worley

Location: Kuwait

Category: other-general

Building on our past. Ready for the future

Worley is a global professional services company of energy, chemicals and resources experts headquartered in Australia.

Right now, we are bridging two worlds as we accelerate to more sustainable energy sources, while helping our customers provide the energy, chemicals and resources that society needs now.

We partner with our customers to deliver projects and create value over the life of their portfolio of assets. We solve complex problems by finding integrated data-centric solutions from the first stages of consulting and engineering to installation and commissioning, to the last stages of decommissioning and remediation. Join us and help drive innovation and sustainability in our projects.

Primary objective

Development and Management of construction and completions capability across PMC projects.

Specific Accountabilities

Ensure that contractors comply with all aspects of the Worksite HSE Plan and policy; site regulations, permit to work, WorleyParsons and Customer requirements.

Ensure that construction contractors adhere to the latest approved for construction (AFC) project drawings, specifications, procedures and site instructions.

Ensure by leadership and guidance that contracted works meets all practical, commercial, requirements of productivity, quality and contract target completions.

Supervise and coordinate the activities of construction contractors. Maintain daily supervisory surveillance checks and records ensuring that contractor's management and supervision are providing safe working conditions and permitting procedures, all required competent personnel, protective equipment, adequate supervision and manpower, with reliable, well maintained equipment to execute the contracted works as per contract schedule and targets.

Routinely study, check and review all contractor scope as detailed in drawings, specifications and instructions, ensuring contractors proper interpretation and compliance with the latest AFC drawings and specifications.

Ensure proper change control by issuing Field Instructions for all changes, reviewing Site Queries to ensure responses are appropriate and practical and reviewing Advanced Revision notices prior to issue to contractors to ensure correct use of construction resources.

Ensure contractors dimensional control methods for checking that the works are properly set out and supervise specialist surveying contractors where necessary.

Ensure Quality inspectors and contractor supervisors carry out the witness, inspection and surveillance checks in accordance with the WorleyParsons Quality Plan and the requirements of the Quality Control Manager.

Ensure that contractors are working in the required work areas, locations and elevations and that work sequence and interfaces with other contractors are both coordinated and planned to provide continuous working to meet contract schedules.

Ensure that all construction materials, embedded items, special fixtures are approved for use and that they are stored, protected and available to workface locations as required.

Promote and maintain WorleyParsons, Customer and contractor best practice working relationships.

Attend Contractor progress meetings as required.

Essential Skills/Experience

Must be qualified to at least a diploma level from a recognized Technical Institute

Must have managed large size projects in oil & gas industry leading a team

Must have pre commissioning, commissioning and performance testing experience

Mandatory Requirements

Diploma in Engineering from a recognized Technical Institute or Diploma with relevant years of experience and relevant experience in large size oil and gas projects

Moving forward together

We want our people to be energized and empowered to drive sustainable impact. So, our focus is on a values-inspired culture that unlocks brilliance through belonging, connection and innovation.

We are building a diverse, inclusive and respectful workplace. Creating a space where everyone feels they belong, can be themselves, and are heard.

And we're not just talking about it; we're doing it. We're reskilling our people, leveraging transferable skills, and supporting the transition of our workforce to become experts in

today's low carbon energy infrastructure and technology.

Whatever your ambition, there's a path for you here. And there's no barrier to your potential career success. Join us to broaden your horizons, explore diverse opportunities, and be part of delivering sustainable change.
