

Financial Analyst

[Apply Now](#)

Company: Linked4HR

Location: Kuwait

Category: business-and-financial-operations

One of our esteemed clients in **Oil & Gas Industry**s currently seeking **Financial Analyst** to be based in **Kuwait**.

Job Overview:

As a Financial Analyst you will play a pivotal role in financial planning, analysis, and decision support for the company's operations. This position will require strong financial modeling, data analysis, and industry-specific knowledge to aid in making informed financial decisions.

Key Responsibilities:

Develop and maintain detailed financial models to analyze and forecast revenues, expenses, and profitability within the oil and gas sector.

Monitor industry trends, market conditions, and regulatory changes to provide insights into financial performance.

Collaborate with cross-functional teams to create and update budgets, financial plans, and long-term financial strategies.

Analyze financial statements, including income statements, balance sheets, and cash flow statements, to assess the company's financial performance and identify areas for

improvement.

Conduct variance analysis to compare actual results with budgeted figures and provide explanations for discrepancies.

Evaluate potential investment opportunities, including mergers, acquisitions, and capital projects, by conducting financial due diligence and risk assessments.

Assist in the preparation of financial models for investment proposals, taking into account relevant factors such as asset valuations and potential returns.

Prepare and present financial reports, summaries, and key performance indicators to senior management and stakeholders.

Communicate complex financial data in a clear and understandable manner, assisting non-financial colleagues in decision-making processes.

Monitor and control costs related to exploration, production, and other operational activities, ensuring cost efficiency and adherence to budgets.

Identify opportunities to optimize cost structures and improve operational profitability.

Stay updated on relevant financial regulations, accounting standards, and tax laws in the oil and gas industry to ensure compliance and minimize financial risks.

Qualifications:

Bachelors degree in Accounting, Finance, or in a relevant field.

Professional Certification (CFA,CPA) or Masters Degree is preferred

3+ years of relevant experience as a financial analyst, preferably in the oil and gas sector.

Strong knowledge of financial modeling, data analysis, and financial software tools.

Effective communication and presentation abilities.
